**Plungė Ryto Primary School
and Kulių Gymnasium**
2011 – 2023

Skills

- Leadership
- Time management
- Teamwork
- Responsibility
- Initiative
- Communication skills
- Critical thinking

About me

I am an active third-year student at the Faculty of Fundamental Sciences, studying software engineering. I joined the student representation in my first year – during this time I tried out various positions and gained valuable experience in teamwork, coordination and representing student interests. I am running for the position of the chairman of the FMF student representation because I am motivated to strengthen the community and ensure that the student voice is heard.

Experience

September 2024 – present

SA FMF Human Resources Coordinator

- Improving the competence of student representative members
- Communication with SA members and maintaining their motivation
- Organizing trainings
- Maintaining a good microclimate in the student representation
- Working with alumni

January 2024 – April 2024

N2U event volunteer coordinator

- Planning and conducting volunteer meetings
- Supervising activities and volunteers during the event

October 2023 – May 2024

Member of the Social Academic Affairs Committee

- Together with a group, we worked to improve the prestige of elders.

Hobbies

- Photography/Videography
- Sports
- Computer construction/repairs
