

Ainaras Jonutis

VILNIUS TECH Student
representation

Cover letter

Hello, I am Ainaras Jonutis, a third-year student of software engineering at the Faculty of Fundamental Sciences. I joined the student representation in my first year – together with a group of students, we sought to strengthen the prestige of academic group elders and promote community spirit among students. Later, I became a volunteer coordinator for Night to Unite event, where I was able to improve my leadership, organizational, and communication skills. This experience encouraged me to become even more involved in the activities of the council – I am currently the SA FMF human resources coordinator, responsible for member motivation, microclimate.

I am running for the position of chairman of the VILNIUS TECH Faculty of Fundamental Sciences Student Representative Council because I want to continue the work I have started and further strengthen our faculty community. My goal is to ensure that the students' voices are heard and that the student representation operates effectively and is a place where people want to create and improve. I am motivated to take responsibility, achieve results, and promote community spirit.

Sincerely.
