ABOUT ME

I am an initiative-driven individual who is constantly seeking opportunities for self-improvement. As a member of the Students' Representation, during my first year of studies I held the position of Human Resources Coordinator, where I organised not only off-site training sessions for members but also helped maintain a positive internal atmosphere. In addition, I represent the Faculty of Civil Engineering and actively promote information about our study programmes to prospective students. I am organised and responsible, with the ability to manage my time effectively and work well in a team, which is especially important in my activities.
