

To Election Committee,

I Bandhan, currently as a volunteer in the student organisations, which tries to play an active role in the operations of VILNIUS TECH SA LJA. I am addressing you today with the purpose of expressing my desire to seek employment as a Chairperson in this body.

My student representation working experience is mainly a result of long previous career experience with elected student leadership in the secondary and pre-university levels. During the 9 th and 10 th grades I served as the Head Elected Student Representative in the school where I organized cultural, academic and sporting activities, discussed student issues with the school administration and worked to ensure good two-way interactions between the school administration and student body. Later, in the 11th and the 12th grade I was a Sports Committee Member and Vice President where I had a key role in organizing the events, maintain the budget and raise awareness of the students concerns at an institutional level.

The responsibilities enabled me to develop a strong feeling of accountability, ability to lead during stressful times and admiration towards systematic decision making. I participated directly in the planning and implementation of the several events, work with different committees, and preservation of the fund fund and communications transparency, which is in taxes with the responsibilities of student representation at VILNIUS TECH.

By seeking this position, I will achieve two things at the same time: to service and also enhance my growth under the student governance structure. In case I am assigned this position, I will seek to improve communication channels between student representatives and the student population, increase their uptake of student initiatives and administrative assistance of transparent and well-structured operations within the organisation. I am also aware of the learning curve that this position has and am determined to learn through the experienced going through every stage of my duties professionally and consistently.

I would like to thank you regarding my consideration. I would also be happy to elaborate more on my motivation and my devotion to this office.

Kind regards,  
Bandhan Udeshi,
